

Introducing the next generation in Airgel. Our iQ® Blue Nasal Vented and Non-Vented masks feature our patented AIR°gel with *Advanced Cushion Technology* and flexible shell with *Custom Fit Technology*™. Together, they provide an optimal fit with maximum comfort. Unlike masks with rigid shells, iQ Blue adjusts to truly fit the contours of your patients' face.

The Smart Choice for a Custom Fit

Clearest Field of Vision Possible

No forehead pad required.

Custom Fit Technology

The shapeable shell of each mask can be easily molded to fit individual needs.

Flex, fit, forget.

AIR°gel

Maximum comfort, minimum weight. Our patented AIR°gel minimizes pressure points and skin irritation.

Advanced Cushion Technology (A.C.T.)

Our ergonomic cushion technology delivers an effective seal for the most comfortable fit.

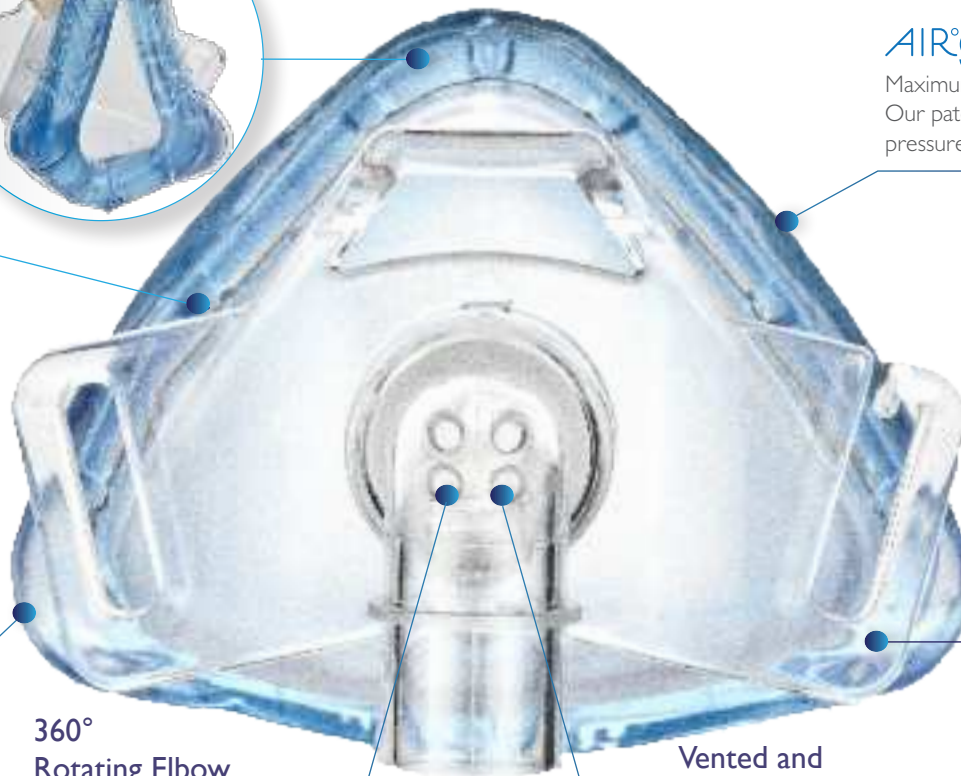

Quick-Release Headgear

Lightweight, breathable headgear slides off easily with one hand.

360° Rotating Elbow

For optimal tube positioning and easier mobility.

Vented and Non-Vented Versions Available

Made in the USA

What makes our iQ Blue Mask different?

- *Custom Fit Technology* - a unique soft-shell mask with a shapeable wire allowing for optimal flexibility, fit, and comfort.
- Our AIR°gel with *Advanced Cushion Technology* creates an ergonomic gel cushion that reduces pressure points on the skin.
- Clearest field of vision possible - users can even wear glasses with this mask.
- No forehead pad, yet retains outstanding stability.

About Advanced Cushion Technology (A.C.T.)

Our patented AIR°gel with an ergonomic design and luxurious feel reduces pressure while maintaining an effective seal.

Custom Fit Technology

BEND IT.

MOLD IT.

SHAPE IT.
